

Good afternoon: warm up in notebooks

Which criteria
can show these $\triangle \cong$?

SAS

Complete the statement:

$$\triangle QUA \cong \triangle \underline{QDA}$$

reminders:

tutoring tomorrow 4-5p retakes in any DS except Wed

my goal: projects in powerschool next Monday

Assessment

- use your dividers
- do your best work
- finished? turn in test and divider, pick up guided notes for tonight's video notes
(can watch it after test if you have headphones)
